A reliable, punctual, confident person who excels working in a busy customer service environment. My passion for travel motivated me to complete different contracts around the world starting off in Dubai almost 7 years ago and moving on to the UK and Spain working for world renowned hospitality and entertainment venues. Followed recently by an amazing opportunity to work as a Bar Manager for the company Tatel Restaurants in Ibiza. Having just completed this I am now looking for a similar role in which allows me to travel and expand on my current knowledge and skills. I am already familiar with the very high standards of service and dynamic venues and feel I am now ready for a step which allows me to continue working in a vibrant hospitality environment.
