Professional Summary

I started working in this industry as a lobby boy at a 5* hotel in my hometown called Aro Palace.Front office wasn't for me,however I acquired a lot of hospitality skills by working as a lobby boy , so I decided to try to be a waiter.My first job was at a poker saloon in Brasov,where I was a waiter/bartender,I took orders from the customers and I had to prepare the beverages and serve the dishes.After that at a pub/cafe in the historic center of Brasov called Museum,which I didn't particularly like because it wasn't as frequented as I expected so I decided to try to work at a ski resort called Sinaia,as a waiter helper,where I learned a lot about customer service from experienced waiters with which I had the pleasure to work.I hadn't worked under a legal contract at this restaurant.The next job I had also was in the historic center of Brasov,called Aftar Stube,where I was a waiter.From my time there,where I had the pleasure to work with some of the best bartenders in Brasov and in my personal opinion the best in my country, despite the fact that I was a waiter,I learned a lot about bartending.With the information and skill I obtained by watching and practicing along side them,I took a job as a bartender at the most frequented bistro lounge in Brasov called Bistro AHA.After the summer season finale and a long consideration,I decided that it is time to perfect my skills abroad.
